(23111) MEGA-MARKETING

Don Mottin, CMI, DNGH, OB

All-levels

Don Mottin started his full-time practice in August of 1980. Within 3 years he had seven office in three states. Don has personally hypnotized over 50,000 people. In this fast moving, exciting workshop Don will teach you how you can promote your practice rapidly, and inexpensively. Don built his practice in Missouri, which is very conservative. Don always says that if you can build a practice in Missouri, you can build one anywhere. Don firmly believes that it does not take a great deal of money to succeed, it only takes a desire. To ensure your success after the program you will receive Don's marketing workbook and a CD with some of Don's best ads. The CD will allow you to add your information to the ads and flyers. NOTE: The workbook and CD will only be given out to participants of the three hour workshop.
