(33092) WIN YOUR LIFE BACK PERHAPS FOR THE 1ST TIME IN THIS LIFE - THE PRENATAL SUFFOCATION SYNDROME TECHNIQUE—Effectively Clear Long Term Affects Of Anoxia, Gestation And Birth Trauma

Sharon Forrest, CH, ND All-levels

- Release the long-term effects of anoxia, gestation and birth trauma
- How core beliefs created in the womb still run your and your client's lives
- Demonstrate the power and effectiveness of The Prenatal Suffocation Syndrome Technique in facilitating profound change
- Break patterns of disassociation, addictions and/or numbing out
- Move people beyond feeling stuck or trapped in their life
- Learn to use The Prenatal Suffocation Syndrome protocol to resolve and heal issues that have defied resolution

PNS (Pre-natal suffocation syndrome) is caused by anoxia (oxygen deprivation). This occurs during the gestation period while in the mother's womb. The baby suffers from lack of oxygen. This happens when the mother goes through some kind of trauma, worry, accident or something upsetting happens to her. When a mother is upset, scared, frightened, threatened, she instinctively holds her breath. When a mother holds her breath, the supply of oxygen going into her blood stream to the baby is diminished or cut off; therefore the baby suffers. When not enough oxygen is coming to the baby, the baby will either panic, shutdown, numb out, or disassociate (which means leave, out of the body). The patterns of behavior in adulthood from this are claustrophobia, thoracic or shallow breathing, and addictions, mood altering stimuli, emotional dependencies. The Prenatal Suffocation Syndrome Technique is a ground-breaking protocol that simply cannot be described and MUST be witnessed and experienced.

(33011) RESOLVE RELATIONSHIP PROBLEMS—Relationships: A

Lucrative Niche Market

Anthony DeMarco, FNGH, BCH, OB All-levels

- Learn the communication differences between men and women
- Learn to resolve your relationship problems
- Work with your active imagination
- Conduct a 'dialogue' with an individual
- Conduct a 'dialogue' with the relationship itself
- Gain insights from your 'Inner Lovers'
- Enjoy the narration of the romantic myth of 'Psyche & Eros'

This is a romance and sexuality presentation offering insight into past and present relationships. You can create a lucrative niche market working with persons with problematical relationships. Work with the clients individually and together. Our reality is created through our fictions. The truths of our experiences sometimes lose their significance as they surrender to feelings, emotions and external influences, coupled with the passage of time, trauma or passion. At that point, a fiction is created by which we feel "sick at heart", just plain sick, or physically sick. We must fight fire with fire. Vitality, love and passion are in yourself and not dependent upon others. Tony shall bring you through a "Relationship Meditation With Your Inner Lover" to stimulate your active imagination, designed to clear up clutter and have you benefit from past and present relationships.
