

# Pain Management Certification

presented by

Ron Eslinger, CAPT, USN, Retired

RN, CRNA, MA, APN, BCH, CMI, FNGH

## Pain Sufferers are Looking for Hypnotists Be Prepared When They Call **YOU!**

You can help your clients have a Normal, Wholesome, Pain Free life!

Pain Clinics make millions of dollars every year treating pain. How much are you ready to earn? How much income would 5, 10 or even 20 new pain clients add to your lifestyle each month?

*Doctors make Millions doing back surgeries. NIH reports that the results of surgical procedures are modest in pain relief and improved function. I see clients with continued back pain following surgery who respond miraculously to hypnosis. Are you ready to learn? Are you ready to go to the next level?*

## This is a Why Do and a How To Class

**TAKING THIS CERTIFICATION COURSE IS MAKING A DECISION  
TO CHANGE LIVES — YOURS AND OTHERS**

## Learning Objectives

You will be able to:

1. Experience confidence and comfort in working with pain clients
2. Examine the number one most common component of chronic pain.
3. List 21 steps to a successful first session
4. Experience and practice three mindfulness techniques
5. Discuss a case study
6. Take home or have access to all materials needed to be successful
7. Receive Certification after completing application and testing

## The Impressive Fact

- More than 100 million Americans experience chronic pain.
- The AMA, JCAHCO and the National Institutes of Health endorses hypnosis in the treatment of pain.

## Client Comments

*"My doctor said I would have to learn to live with my pain. Hypnotism proved him wrong".*

*"This is the first time in 2 years that I have been without pain, why didn't they send me to you two years ago".*

*"It was intriguing to see how the combination of hypnosis and working with Ron could access areas of the brain to stop the continuous signals being sent out. Yes, it was an intense week of learning, working and following all of the instructions given me but to have my 'Comfort Levels' drop to ZERO for the first time since 2006 when I sprained my ankle, then was diagnosed with Chronic Regional Pain syndrome (CPRS). It was well worth it!"*  
Traci Patterson 11/2013

**NEVER AGAIN WILL  
YOU RECEIVE SO  
MUCH FOR SO  
LITTLE YOU  
CANNOT AFFORD  
TO MISS THIS CLASS**

**YOU WILL TAKE HOME  
MUCH MORE THAN  
YOU EXPECTED**

## Who Should Attend?

This is an intensive advanced training for hypnotists of all levels. The emphasis is on teaching the serious hypnotist how to work with clients using hypnosis as the complementary and integrative treatment of chronic pain.

## Testimonials

*Great presentation! Great info! Great handouts! Thank you.*  
—Carol Pettirossi 8/7/14

*I feel fortunate to have received this training so early in my hypnosis career. Ron brilliantly summarizes many years of experience with diverse clients, in ways that are easy to understand. Workshop materials included a vast amount of useful information. I have gained so much new information about transforming chronic pain & new tools for hypnosis in general. Loved this class – so valuable! Want more info on approaches to trauma and addiction.*

—Cindy Schaefer Aug 7, 2014

*Ron is a giant source of invaluable information. If you want to work with pain management, take his class.*  
—Hans Wipf

*The seminar was well structured but with enough flexibility to provide needed customization for the participation of the students. I thoroughly enjoyed the approach with stories and jokes. The technical terminology explanations provided me with an excellent tool for my marketing to the medical and therapy industry. Thank you Ron for the opportunities you have opened for my practice.*

—William A. Edwards 8/7/14

*The seminar was fantastic and his presentation was educational and extremely enjoyable. Ron has the uncanny ability and style to make the entire seminar experience fun.* Wes Kubacki 8/7/14

Healthy Visions is an approved provider of continuing nursing education by the Alabama State Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation (ANCC) Code 5-133.
