

HYPNOWAVING®

The EMDR Approach for Hypnotists

with *Hansruedi Wipf, BCH*

You probably have heard of EMDR (Eye Movement Desensitization & Reprocessing) or Wingwave and always wanted to benefit from it - now HYPNOWAVING® is available for you to use in your practice - and it is a lot easier than you thought, as we have simplified it for your daily work, getting rid of all unnecessary steps!

Also known as *Bilateral Hemispheric Stimulation* or *Wingwave*, this short-term oriented intervention can increase your image and credibility tremendously as you will be able to quickly help people resolve their issues. It is a "whole brain" approach to dealing with stress factors that a client may present.

Key Benefits

- You will add a powerful tool to your tool box and make yourself a more versatile & flexible consulting hypnotist.
- Use it as a convincer to prove your competence
- Quickly fix fears & anxieties in minutes
- Apply it as an adjunct intervention
- Learn how to combine it with hypnosis to turbo boost the client's transformation
- Use it to ease your more difficult clients into hypnosis
- Apply it as a work around for clients who do not want to be hypnotized
- Teach your clients the "take-home" version to become independent

Who Should Attend ...

If you are interested in expanding your hypnotic horizon - if you are interested in rapid changes - if you are interested in easy to learn & simplified methods - then this one day, intensive learning experience is for you.

All serious hypnotists should have back-up alternatives in their repertoire - this is one you cannot miss!

The techniques acquired in this course will make you a more versatile and respected consulting hypnotist, supporting your professional career, giving you a broader and more solid base.

You will love the results you achieve once you apply them.

You will learn:

- ♠ the early origins of EMDR
- ♠ what makes it so powerful
- ♠ the turbo boost effect of EMDR combined with hypnosis - HYPNOWAVING®
- ♠ why HYPNOWAVING® works - even with out hypnosis...
- ♠ what makes HYPNOWAVING® more powerful than just regular EMDR
- ♠ in what cases it works best and fastest
- ♠ how to apply fast fear/anxiety elimination combined with the Moshé Zwang method
- ♠ how to use HYPNOWAVING® as a powerful convincer in your practice
- ♠ easy demonstrational entry work for groups
- ♠ use HYPNOWAVING® instead of EMDR
- ♠ how to help people who have problems to accept the hypnotic process
- ♠ how to overcome certain blockages in minutes
- ♠ basics for rapid & instant inductions and how to combine them with HYPNOWAVING®
- ♠ how to anchor feelings of excellence and integrate them into your transformational work
- ♠ learn alternatives to waving that also work, such as tapping or butterfly move
- ♠ find out how to teach your client the "take home" version of HYPNOWAVING®
- ♠ what to do when the process does not work (what are my alternatives?)
