

# The Ultimate Smoking Cessation Technique

A Real Kick Butt of a Workshop

Become a Certified Smoking Cessation Specialist

with Jacob Bimblich

Smoking causes approximately 440,000 premature deaths in the United States annually, leading to 13.2 years of potential life lost for male smokers and 14.5 years for female smokers. According to the Center for Disease Control and Prevention, about half of all the people that continue to smoke will die because of the smoking habit.

Smoking is the single most preventable cause of death in our society.

There are 44.5 million adult smokers in the United States creating a very strong demand for smoking cessation specialists.

Acquire hypnotic techniques that increases motivation and determination of the client.

Expand your expertise and learn step-by-step how to do successful smoking cessation sessions and turn smokers into non-smokers. Examine aversive methods for smoking cessation and discover how effective it is even when dealing with difficult clients.
