

Ericksonian Hypnosis:

A Powerful Approach to Influence Enhance Your Professional Skills and Credentials with these Magical Techniques

Presented by Shaun Brookhouse, DNGH, OB, BCH, CI

Ericksonian Hypnosis is one of the most beneficial forms of help & self-change. The techniques covered in this program form the basis of some of the most modern technologies available today. Neuro-Linguistic Programming and Solution Focused Methods owe much to the techniques and approaches of Milton H Erickson.

You are already a skilled hypnotist, and as such you are looking for innovative ways to assist your clients to help themselves. This program will equip you with approaches and techniques you can use as soon as you go back to your office. These techniques will assist you in being more exquisite with your interventions and will allow you to tap into your own limitless creativity.

As Erickson himself said, *“My clients are my clients because they are out of rapport with their unconscious minds”*. This program will assist you in being able to reintegrate a client with his/her unconscious mind.

You will receive

a complete course manual with this training that will be a valuable resource for the future. It includes scripts and strategies which will make your use of Ericksonian Hypnotism seem seamless.

Don't miss this opportunity to

Enhance your professional status and skills with these innovative approaches to trancework. This exciting course will provide you with an opportunity to learn and grow. Our comprehensive manual includes everything you need to incorporate these techniques into your practice. These include exact scripts, strategies, and how to approaches as to which clients would benefit most from these magical approaches to sessions .
